

CAPABILITY STATEMENT

Educational Living Pty. Ltd.

Educational Living Pty. Ltd. has been recognised by the Institute for Trade Skills Excellence as one of Australia's premier providers and awarded three stars under the Institute's Star Rating Scheme. Educational Living delivers training in the Engineering Trade – Mechanical, Engineering Trade – Electrical/Electronic, Engineering Trade – Fabrication, post trade and Engineering Production occupations based on the nationally recognised standards of the Metal and Engineering Training Package from Certificate I to Diploma.

A summary of Educational Living's strengths against the evaluation criteria are:

Training and assessment which focuses on enterprise and learner needs

Educational Living delivers high quality metal and engineering related training using strategies appropriate based on a business model of workplace-delivered client centred training. Educational Living offers extremely flexible delivery timing, customisation of learning resources to enterprise processes and equipment, and use of high quality learning resources.

Educational Living ensures that all delivery is able to be matched to national competencies while at the same time ensuring a customised solution for a client. Educational Living trainers have a deep knowledge of the Metal and Engineering Training Package qualifications and units of competency and show initiative in identifying alignment of units to tasks in the workplace. There is also a rigorous approach to assessment with systems in place to ensure that both the theory and practice specified in units of competency are fully assessed.

Excellent trainers and assessors, and contemporary equipment

Educational living trainers have extensive industry experience and appropriate technical and educational qualifications. The trainers stay up to date with the latest industry and technology trends through extensive networking with local industry bodies, equipment suppliers, Industry Skill Councils and attendance at trade shows, conferences and seminars.

All training delivery is matched to in-house plant and equipment including where necessary assistance in arranging temporary transfers to ensure learning opportunities are appropriate for a particular unit or units of competency

Support to enable enterprises and learners get the most out of the apprenticeship/ traineeship

There is frequent contact by Educational Living trainers with students and their employers. Educational living has advisory material for all students and employers including a comprehensive Candidates Guide. This guide includes formal assistance procedures for students with special needs.

For more information about Educational Living please contact the RTO on 039769 5155 or by email at reception@educationliving.vic.edu.au

The **Institute for Trade Skills Excellence** is an initiative of Australian industry and Government established to promote the trades and recognise those registered training organisations (RTOs) truly focused on industry's needs and achieving excellent results.

How does it work? ... Under the **Star Rating Scheme**, individual faculties or schools within RTOs are evaluated by the Institute using industry experts and industry designed criteria. Those considered excellent are awarded one gold star, two gold stars or three gold stars by the Institute. The Institute issues a **Capability Statement** for each RTO which it publishes to explain the school or faculty's strengths and the level of service an employer can expect to receive.

Quite simply, where RTOs are doing great things, the Institute wants to ensure industry knows about it, and so an employer looking to select an RTO for their apprentice or trainee, can make an informed choice.
