Tafe: leader of the pack

TAFE NSW Western Institute has been recognised as a leading Registered Training Organisation (RTO) with a three gold star rating for its mining program.

The rating is given by The Institute for Trade Skills Excellence and recognises quality trade skill courses. Industry areas within RTOs may apply for a star rating which indicates the level of service provided and excellence of outcomes for their clients. The evaluation process includes an initial self evaluation by the relevant faculty or school, followed by a site visit.
