

## Flexible options to business wishing to utilise an apprentice

For more than 20 years PEER VEET has been offering trades training and employment in the Building, Construction and related Contracting Industry in South Australia. PEER VEET is both a Registered Training Organisation and a Group Training Organisation.

Starting in 1986 PEER VEET has grown to become one of the largest and most successful trades training organisations in South Australia, currently employing in excess of 500 apprentices and trainees and growing. Our Group Training Organisation offers a hassle-free flexible recruitment option to businesses wishing to utilise an apprentice.

Apprenticeships offered are Plumbing, Electrical, Electronics, Refrigeration and Data Communications. Traineeships are also offered in Security Installation and Office Administration.

PEER VEET is well placed to meet the training needs of industry through its diverse range of services offered. Over the last 12 months the Registered Training Organisation has trained in excess of 3000 students being current apprentices, VET students and also

tradespersons wanting to upskill their knowledge or licences in a particular field

PEER VEET has many success stories. In 2007, PEER VEET was awarded the SA Small Training Provider of the Year and was also awarded a 3 Gold star rating as part of the Institute for Trade Skills Excellence Star Rating Scheme.

PEER VEET apprentices also received Industry Awards including NECA 2008 National Apprentice of the Year Runner Up – Electrical, Jonathan Welch and NECA 2008 State Apprentice Award 1st Place – Data Communications, Philip Rump.

Michael Boyce, CEO explains that PEER VEET is working in partnership with industry, "The future success of South Australian industry relies on the standards of achievement of the apprentices of today". This commitment to trades training and employment of apprentices and trainees will benefit South Australia and focus on the current skills shortage.
